

A Good Time to Purchase Linoleums

Before the increase in price. The Linoleum market as far as the manufacturers are concerned is in a bad state of affairs. Some mills are working half time, others are closed. The prices in a wholesale way are up at least 10 per cent. Burlap used as a foundation for linoleums is all made in Dundee, Scotland, and the raw materials come from India. Cork comes from Spain. The dye materials from Germany. Under the present war conditions there is a probability of the mills all closing on account of lack of materials. We were fortunate in purchasing three cars last June at the low price, so we are enabled to offer a beautiful line of patterns at the same price as during the past year.

REPUBLICAN TICKET SAID TO BE A STRONG ONE

Weber County Republican Ticket. State Senator—Edwin Dix, Ogden. State Representative—George D. Folkman and J. J. Barker, Ogden; John C. Childs, Roy, and Joseph H. Fowles, Hooper. County Clerk—Harry Hales, Ogden. County Surveyor—Ralph Corlew, Ogden. County Sheriff—T. A. DeVine, Ogden. County Assessor—J. L. Hobson, Ogden. County Treasurer—J. E. Storey, Ogden. Plain City. County Attorney—J. E. Evans, Ogden. County Recorder—Angus E. Berlin, Ogden. County Commissioner, four-year term, Moroni Skeen, Ogden. County Commissioner, two-year term—Warren C. Child, Harrisville. Ogden Constable—Elias S. King. Late in the day Saturday the Republicans of Weber county concluded their deliberations and made the final nomination for the ticket which will be presented to the people for consideration at the election of November 3, and it is said by members of the convention that it is a strong ticket.

During the convention there were no evidences of anything like machine work and each delegate in the convention was a free agent. In a number of the contests, lively tilts were instituted but in almost every instance the losing candidate moved to make the nomination of his opponent unanimous and when the convention closed there appeared to be no hard feelings, the thought being expressed by all that every member of the convention would go out and do his best for the success of the ticket at the polls.

Aside from the nominations announced in the Standard Saturday afternoon, Edwin Dix, chairman of the Republican central committee, was nominated for the state senate over J. W. Wilcox, the vote being, Dix, 98 1-2 and that for Wilcox 76 1-2. For representatives in the state leg-

islature, the convention having nine candidates to select from nominated George D. Folkman and J. J. Barker of Ogden, and Joseph H. Fowles of Hooper, and John C. Childs of Roy, they being the high men on the first ballot. Folkman had 110 votes, Barker 120, Fowles 103, and Childs 123. Votes given to other candidates were: W. J. Critchlow, Ogden, 27; Henry Jensen, Pleasant View, 74; P. W. Wilcox, Ogden, 91; W. H. Childs 13, William Glasman 6.

In a spirited contest, Angus Berlin defeated Thomas E. McKay for recorder, there being three candidates in the field. It required the third ballot. The other candidate was C. C. Childs, but he withdrew after the second ballot and requested his friends to vote for Berlin. The final was 80 for McKay and 94 for Berlin. Moroni Skeen, present chairman of the board of county commissioners, was nominated for the four-year term by acclamation, and Warren G. Child of Harrisville was nominated for the two-year term commissioner after a contest with J. T. Bybee of Riverdale, now a member of the board.

There were six candidates for nomination for the two-year term commissioner, but they all withdrew before the final ballot was taken, leaving the race to Bybee and Child. The final vote was Child 112, Bybee 63. The other candidates were S. V. Crow of Huntsville, E. J. Marshall, North Ogden, Benjamin Chadwick, Slaterville, and Fred L. Foy of Slaterville. Elias S. King was nominated for constable for Ogden by the Ogden delegates over Henry E. Steele, he receiving 77 1-2 votes and Steele receiving 36 1-2.

At the close of the convention the following central committee was appointed for the ensuing two years: First district, C. A. Allison; Second district, R. D. Pincock; Third district, E. R. Geiger; Fourth district, G. W. Wilson; Fifth district, A. H. Moyes; Sixth district, to be filled; Seventh district, William Hill; Eighth district, S. P. Nelson; Ninth district, R. M. Wright; Tenth district, David Jensen; Eleventh district, George J. Kelly; Twelfth district, W. E. Zuppann; Thirteenth district, Walter Richey; Fourteenth district, J. H. DeVine; Fifteenth district, J. Walker; Sixteenth district, C. O. DeWolf; Seventeenth district, J. G. Crompton.

GOOD PROGRESS ON THE ALHAMBRA

A large derrick is being placed at the new Alhambra theater building on Hudson avenue, between Twenty-fourth and Twenty-fifth streets, to be used in lifting the heavy steel pillars and girders for the second floor of the structure. The concrete floors for the front of the building, the auditorium and the stage have been laid in the rough but will not be given a finished surface until the balance of the structure is further advanced. Contractor William A. Larkins states that he is making good headway on the building and hopes to have it ready for use on contract time. It is said that the building will be ready for the holiday season.

LASSEN PEAK IN ERUPTION AGAIN

Forty-eighth Explosion Opens New Crater—Rocks Houses Ninety Miles Distant.

Redding, Cal., Sept. 21.—After a night of smothered muttering and rumbling, Lassen peak exploded today in a sharp thunderclap which rocked the houses at Macomber flat, distant 90 miles from the mountain. The eruption today is the forty-eighth since the pre-historic volcano awoke to new life on May 30, and the first that has been accompanied by an earthquake.

Shock at 3 A. M. At the time the shock was felt—3 o'clock in the morning—the activities of the mountain were not pronounced enough to make themselves visible from a distance, but at 6 o'clock a vast volume of sulphurous, ash-laden smoke and steam was seen pouring from a fissure one mile below the older vents. The mountain now has four craters—the ancient one, still sealed; the new main crater closely adjacent, a third crater, formed by the eruptions of the last three weeks, not far below the main crater, and the fissure blown open today.

Twice yesterday the two new craters spouted clouds of smoke, but today the daylight showed them inactive, while the lower vent was furiously busy. Smoke and floating ash veiled the entire mountain side.

SUGAR FACTORY NOW HAS GOOD SUPPLY OF BEETS

Secretary Fred G. Taylor of the Amalgamated Sugar company states that there are at the sugar factory 2000 tons of beets more than at any previous time this year. This supply assures a continuous run. A good many beets are being shipped to the Logan factory which is in operation. Twenty cars were assembled at Harrisville yesterday, billed to Logan. Mr. Taylor states that other crops have been harvested to the extent that hereafter the farmers will have more time to give to the beet harvest and that it is expected that he bins at the factory will soon be filled to capacity.

CHICAGO GRAIN

Chicago, Sept. 21.—Decided falling off in receipts throughout the spring crop belt had a bullish effect today on the wheat market here. The arrivals were under the total at the corresponding time a year ago. Increasing European demand tended also to lift values. After opening 7 1/2 to 1 1/4 higher, prices made a moderate additional gain.

Corn sympathized with wheat. Offerings were light and only in small lots. The start, which was 1-8 of 1-4 to 5-8 up, was followed by a further advance.

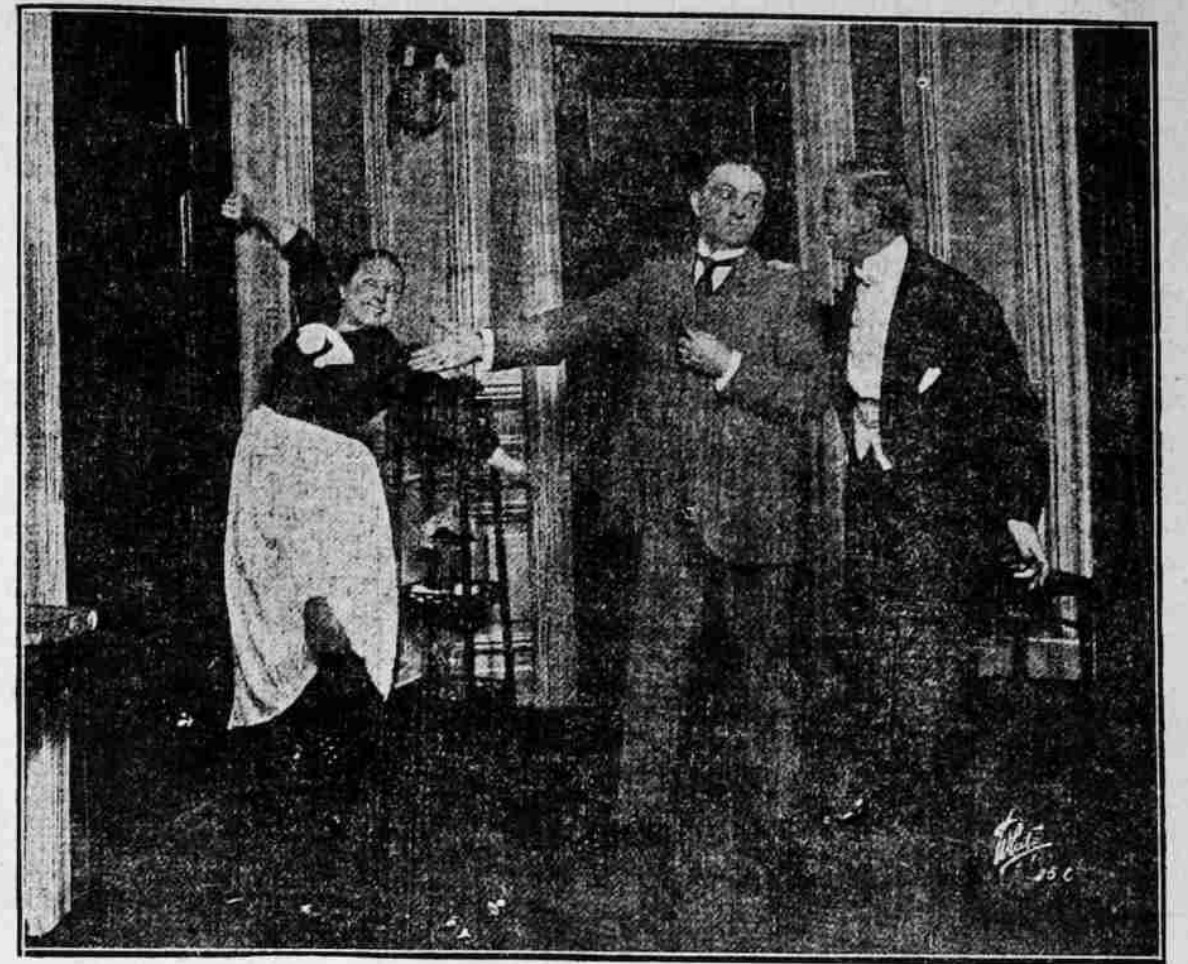

Seaboard demand strengthened oats. The commission houses were good buyers. Provisions hardened because of a rise in hog prices but had no support and gave way under scattered selling.

A huge increase of the U. S. visible wheat supply led afterward to a decided setback in prices, but not of a lasting sort. The close was steady at 1 1/4 to 1 1/4 net advance. A temporary dip occurred later when the corn market underwent a sag. The close was firm 1-8 of 1-4 to 3-8 of 3-8 above Saturday night.

SENATORS PREPARED FOR "FINISH FIGHT" ON RIVERS AND HARBORS BILL.

Washington, Sept. 21.—The filibuster on the river and harbor bill was resumed today in the senate amid the possibilities of compromise. Chairman Simmons of the finance committee said informal conferences with Senator Burton, leading opponent of the bill, developed that both sides might yield some points. Mr. Burton told the senate he would be satisfied with the lump appropriation of not more than \$20,000,000 to be spent by the war department.

After a conference with President Wilson, Chairman Simmons said the senate would stay in session continuously until the bill was passed. He expected a vote tomorrow night or Wednesday. There was no intention, he said, of making the bill include only projects already under way and the president had not insisted on such a plan.

Senator Simmons called at the White House, primarily to discuss the Alaska coal leasing measure, which President Wilson is eager to have passed. The senator told the president the bill could be taken up after the rivers and harbors bill.

When Senator Burton learned of the plan for a continuous session, he declared he was prepared. "I brought with me a dress suit case," said he, "and am prepared to stay right here as long as my

ARMIES TAKE OFFENSIVE

Rumania Decides to Maintain Strictest Neutrality Throughout the War.

Berlin, Sept. 21.—(By Wireless by way of Sayville).—Subscriptions thus far received to the German war loan have assured the brilliant success of the war plan. A paper speaks of the public response as the "victory of those at the home."

The call was for 4,200,000 marks (\$1,050,000,000) with a number of reports not yet received, the total subscription to the imperial bonds already is 2,940,000,000 marks. The treasury certificates which were offered to the amount of 1,000,000,000 have been oversubscribed by 250,000,000 marks. The newspapers express pride that this result has been reached without foreign subscription or sending subscription blanks to many of the wealthy Germans now in the field. On account of the success the final terms of the payment have been postponed until December.
